INDUCTION TRAINING FOR TEACHERS

INTRODUCTION:

Induction Training for teachers is a programme which gives an insight to educational process prevailing in the education system. It is a comprehensive programme that makes teachers perform their roles as effective teachers and become efficient educators. It enlightens their minds and makes them involve in teaching profession. It is given to the freshers who enter into service to refresh their studies on education they have already learnt theoretically. It introduces practical knowledge on the systematic activities prevailing in schools. Effective induction training sets the foundation for a teacher's success and helps them make a positive impact on their students' learning experiences.

OBJECTIVES:

- ❖ To enhance teaching skills and confidence of freshly entering teachers in their professional career.
- ❖ To introduce on-going process going on in schools and familiarising school culture and policies.
- ❖ To get knowledge on on-going programmes and special programmes.
- ❖ To have comprehensive knowledge on the whole education system.
- ❖ To make them feel satisfied in their job retention.
